

Commercial Spiral wrap cable binding

Recyclable polyethylene spiral cable binding. Medium wall

Operation temperature : -60° to +85° C
In accordance with : RoHS

Easy application and economy of use. Neat cable bundling and mechanical protection. Very good 'shape memory' and good cut-through resistance.

Available in black and transparent
Other colors on request available.

DIMENSIONS

Art. name	Diameter (mm)		Wall thickness (mm)	Max cable bundle capacity (mm)	Delivery units (mtrs)
	Internal	External			
CC1A06x	4,50	6,0	0,75	5,0-40,0	25 mtr
CC1A09x	7,00	9,0	1,00	8,0-50,0	25 mtr
CC1A12x	10,00	12,0	1,00	11,0-70,0	25 mtr

TYPICAL PROPERTIES

	Test	Value
Thermal:	Melting point	112 °C
Physical	Tensile strength	10 N/mm ² min
	Ultimate elongation	700 % min
	Water absorption	0,1 % max
	Specific gravity	0,92 max
Chemical	Chemical resistance	Good resistance
Electrical	Dielectric strength	35 kV/mm
	Dielectric constant	2,2 max
